

Belton Update

18th June 2021

We have had a lovely few weeks in school. The Sea Otters enjoyed an evening at school - with festival vibes, followed by the Year 6 children camping out! They were so good and had such a great time! They didn't sleep much though! I hope it in some way made up for not being able to go on a residential this year.

We have also been litter picking in school. We borrowed the litter picking equipment from the Litter Wombles and learnt all about litter during assembly. Ask your children tonight what they have learnt - their questions were brilliant!

We have also been working with our new Happy Hedgehogs over the last few weeks, with virtual meetings and after school visits. It has been great to see them!

With the delaying of lockdown, school rules again haven't particularly changed. There will be no events at the end of term with parents present but as we have tried to do all the way through the pandemic we will try to photograph or video key events to share with parents. I do suspect that due to how early we come back to school over the summer I will not be able to give you any details of how school will look Covid wise in the new academic year much before the return to school. The DFE seem to forget that we go back to school a week or two earlier than other schools, so I think it will be a watch this space situation.

NUT FREE

As you all know we are a nut free school. Next year it is vital that we remain even more vigilant to what the children bring in for snack and lunch as we will have a child in school with a severe nut allergy.

Covid

With local schools closing bubbles recently and Loughborough a hot spot we all need to continue to be extra vigilant. It seems the Delta variant has slightly changing symptoms - runny nose and sore throat. Please get a test if you are unsure.

Sports day

This will be

28th June - Tigers and Owls

29th June - Lions and Sea Otters

Please make sure that the children have their PE kit in school. Thank you in advance

The Olivia recording and leavers assembly recording will take place 1st July

It's Week 3 for school dinner choice next week.

On the last day of term, Friday July 9th, there will be a summer holiday menu – Fish n chips in a box.

Transition Morning

This will take place on Friday 2nd July. Mrs Yendall will be in school and I will bring her into the playground to say a socially distanced hello to parents. Miss Holley has also visited school this week and will be in school on transition morning. We look forward to welcoming them both.

If your child has an IEP the class teacher will also be getting in touch with you to organize a phone appointment to review and discuss the targets set.

As it has been another funny old year and the children haven't been able to go on a school trip, I have organized for there to be a circus school workshop with each class on 6th July. The children can dress up as a circus performer for the day and they will learn all sorts of skills for example juggling with balls, scarves and clubs, plate spinning, Poi, Devilstick, Chinese Diabolo, beginners stilts, feather balancing, cigar boxes, Fun Wheels and Chinese ribbons! It will be a really fun day to round off the year. FOBS are kindly contributing to the event.

Certificates this week

Tigers

Stars of the week

Lewis for his amazing mathematical knowledge in doubles and halving this week
Isabelle for her tremendous efforts in writing about the circus this week!

Owls

This week's Owl certificates go to....

I challenged Harry to get gold on Mathletics and as always, he rose to the challenge! Amazing work Harry, gold, silver and bronze this week!!

Kane 100 house points

Lacey - Maths - excellent reasoning in your symmetry work
